**LIFE GROUP STUDY NOTES**  
**GOOD NEWS! YOUR STYLE!**

**GETTING STARTED**

1. What insights or observations from this week's message did you find helpful, eye-opening, or troubling? Explain.
  
2. Were you able to identify with any of the evangelism styles mentioned? Explain.
  
3. Were there any styles that you believe wouldn't work with you and for you?
  
4. Can you think of a situation where a person might use their style in a way that is abrasive or abusive? How effective or ineffective is that?

**GOING DEEPER**

- **Read 1 Peter 3:15, 16a. What two relational qualities should accompany the delivery of the hope we share (16a)? What has to happen first before we can really be ready to share with others (15a)?**
  
- **Read John 4:1-26, the Story of Jesus and the Woman at the Well. Can you identify the different styles and techniques Jesus used to get her to the point of seeing Him as the Messiah?**
  
- **Read Paul's message in Acts 17:16-34. After such an eloquent presentation of God and Jesus, what was the response of his audience (verses 32-34). How should that temper any expectations we have for a response?**
  
- **If you have identified an evangelism style that fits you, what can do to develop your style and use it more regularly? Do you think it is valuable to learn any other styles? Explain.**
